E MAIL: SALES@BFSLTD.CO.UK

ADAPTOR PLATES

Designed to “adapt” plant or fork truck carriages in minutes.

Examples:

Adapt a carriage, to fit a smaller or larger attachment.

Change the carriage type eg bar mounting to hook on mounting.

Fit a wider carriage, perhaps with 4 or 6 lighter forks for handling wide flexible loads.

All of the above can be used to allow “the quick hitch” of an adaptor for the handling of occasional awkward loads.

DESIGN, MANUFACTURE, REPAIR, MPI CRACK TEST AND PROOF LOAD TEST
