TELESKIP AUTO 1250 LTR

Photo shows skip with
Castor option

Product Code	SWL kgs	Capacity ltrs	Height mm	Width mm	Length mm	Weight kgs
TS-1250	2000	1250	960	1320	1900	205

THE skip designed specially for Telehandlers. No need for a Roll Forward Skip, the exceptional tilt on a Telehandler Fork Carriage allows precise controlled tipping. Automatically locks and unlocks behind the fork heels, no safety retaining chain or heel pins are required.

Skip body is 3mm plate steel with a reinforced angle top. One way entry Fork Pocket Base 5 mm plate steel.

Available in various colours. Extra cost options—castors (2 fixed, one braked swivel). Self assembly only, to ensure safe delivery to your site.

DRIVER SAFETY:

From the safety of the cab, the driver can attach, lock, tip and release the skip with no manual intervention

required. No hydraulic hoses to attach. Far safer and lower maintenance than Roll Forward Skips.

This product is CE marked and comes complete with full operating instructions.
